

NOTIFICATION OF TEMPORARY REMOVAL OF ORI NEWSLETTER

Date: May 25, 2018

Subject: March 2017 ORI Newsletter Temporarily Removed for Correction

The ORI Newsletter from March 2017 (Volume 24, No. 1) has been temporarily removed due to incorrect data graphs that were published. Specifically, draft versions of the following graphs were published rather than the final versions:

- "Research Misconduct Case Outcomes, by Year, 2006-2015"
- "Types of Misconduct in Cases with Findings of Research Misconduct, 2006-2015"
- "Cases with Research Misconduct Findings Involving Image Manipulation, by Year, 2011–2015"
- "Rank of Complainants in Cases with Findings of Research Misconduct, 2006–2015"
- "Rank of Respondents in Cases with Findings of Research Misconduct, 2006–2015"

The correct graphs were posted in "[ORI Data Graphs from 2006-2015.](#)"

ORI expects the corrected version of the March 2017 newsletter will be available online by Wednesday, May 30, 2018.
